FAMILY LEARNING

RECYCLED ART

Saturdays 5th March - 26th March
at 11am - 1pm

Join our free 4-week online creative course with lots of practical tips. Have fun collecting recycled items for art projects. Explore how you can use waste to make tools and art materials. Learn new skills in different mixed media techniques.

Week 1: How to prepare own collection of art resources from waste around the house. Recycling paper, fabric and plastic.

Week 2: How to make own stencils. Card-boxes, newspapers and polystyrene.

Week 3: How to use mixed media technique in your artwork. Collage.

Week 4: How to upcycle items. Decorations, toys and containers.

Sessions will be delivered via Microsoft Teams with additional support on WhatsApp. You will be asked to collect some paper and fabric scraps and you will need basic materials such as a pencil or pen, scissors and glue to start. Please register on Eventbrite with the link below.
